1. Scope

This subcontractor Contract Management Plan applies to all delivery partner provision secured by the College. The purpose of this plan is to outline the expectations the College has when entering into a subcontract agreement for the whole life of the contract. Ensuring all partners meet the exacting standards set out in this guide. Any subcontracted provision should ensure a high-quality learner experience, delivering outstanding teaching, learning and assessment, stretching and challenging learners to succeed and progress onto higher learning or employment.

This management plan is reviewed annually and is authorised by the college board at the end of each academic year to review its effectiveness and suitability for the year to come follow external audit assurance and compliance with the ESFA and GLA subcontracting standards.

The research completed to determine this rational and ensure that the requirements are achieved includes;

- Market share analysis from Vector RCU
- Labor market review from Light case
- Priority sector demands from LSEC Employer panels
- Feedback from over 300 referral partners
- Local Authority and DWP intelligence
- Local Learner feedback and review on progression and destination data

This information is reviewed annually as part of the business and curriculum planning process (appendix 1) to ensure it continues to meet business need, have an educational and community impact and is value for money. The outcomes are approved as part of stage 2 of the business plan

The subcontracting controls oversee the following funding streams;

- ASF ASF
- ASF 16-18
- GLA ASF
- Apprenticeships

2. Subcontracting controls

The subcontracting goals are underpinned by a range of controls to ensure they are achieved and all the Funding and Performance Management rules 2024 to 2025 are adhered to.

The controls are plotted out in an annual calendar (appendix 2). The controls are supported by the Subcontracting Contingency Plan and risk register.

3. Contract management Roles and Responsibilities

Role	Specific responsibilities in relation to subcontracting
Governing Body	Approval of Subcontractors Strategic relationships
CEO & Principal	Approval of Subcontractors Strategic relationships
Deputy CEO and CFO	Oversight of finance and budgets including approval of Subcontracting contracts
Principal and Chief Learning Officer	Chair of Subcontractor Steering Group, ensuring all the subcontracting controls are being adhered to
Deputy Principal- Adults, Apprenticeships and Higher Education	Contract management, performance monitoring and vice chair of Subcontractor Steering Group
Assistant Principal	Overall performance of subcontracted provision and procurement of partners
Partnership Co-ordinator	Operational Relationship management, including monthly payments, quality visit scheduling, compliance visits and due diligence
Director of Finance	Accounts, payments
Quality Assurance manager	Observation of teaching, learning assessment and learner experience
Director of MIS	Apprenticeship, ASF and 16-19 funding management, contracts, compliance, quality, data management and audit.
MIS Team leader	Enrolment / eligibility compliance checks, Audit compliance, contract management
Curriculum Directors	Quality standardisation and joint training opportunities
Deputy Principal Safeguarding and Wellbeing	Safeguarding Policies including prevent and extremism, plus supporting on any training requirements

4. Selecting a Subcontractor- Procurement (Appendix 3 and 4)

A procurement and tendering process is used to engage with a wider range of partners and ensure processes are in place that meet the funding requirements, OFSTED inspection framework and LSEC strategic aims.

This process is implemented for GLA and Adult skills contracts only.

The College recognises that delivery partner provision can play an important role in providing a broad and flexible mix of provision for learners, employers and the wider community. Partnerships can benefit the College by accessing learners in different settings and communities who may not normally attend provision at a large FE College. They can also provide clear progression routes into college provision and provide learners with a stepping stone qualification.

The College will engage with a limited number of specialist partners where there is a clear strategic reason to do so. The College will normally only subcontract a maximum of 20% of any one contract line. The highest weighted score for approving a new subcontracting partner is their strategic fit and the added value they can bring to the College's goals.

London South East Colleges (LSEC) engages with delivery partners to ensure the work subcontracted is in line with its strategic goals. The focus of LSECs subcontracting policy is to;

- provide training to learners that would not access education in a traditional college environment
- provide training to learners in specialist subjects areas
- provide training to learners in a flexible model that is not viable within a college environment

5. Due diligence (Appendix 5 and 5a)

The College runs a rigorous and detailed application and due diligence process for new delivery partners prior to any contractual engagement, including a review of financial health (Appendix 5a). A due diligence report is presented to the Senior Leadership Team for approval prior to any decision on engagement being made.

The Deputy Principal will review requests from potential new delivery partners and, following the completion of due diligence processes, will table any requests for new partnerships at the Subcontracting Steering Group. If provisionally approved at this group, they will be presented to the Senior Leadership for final approval.

Due diligence is reviewed and updated annually.

To comply with the Greater London Authority / Education and Skills Funding Agency funding rules, the College will need to be reassured that Subcontractors satisfy a control test, the key elements of which are:

- The College is able to ensure that learners are enrolled on appropriate programmes in the name of the College not the Subcontractor(s)
- The College is satisfied (through a direct observation where possible) that the quality of provision is of the highest standard
- The College has measures in place to ensure it is not funding higher risk organisations or organisations involved in extremist activities
- The provider has the capability and capacity to deliver to the tender specification
- There is a written learning agreement, entered into at the time of enrolment which is prepared and agreed with each learner and that reflects the outcome of the learner's initial guidance and assessment
- A learning programme and its means of delivery have been clearly specified by the College
- There are arrangements for assessing the progress of individual learners
- Adequate measures are in place to ensure the health and safety of learners
- Procedures exist for the College to regularly monitor the quality and delivery of programmes
- The subcontractor complies with the Modern Slavery Act 2015 and has in place throughout the Agreement Period policies and procedures to ensure full compliance

Other Independent sources of information about potential providers include:

- Ofsted inspection reports (www.gov.uk/find-ofsted-inspection-report)
- Register of UK Training Providers ROATP [~~Withdrawn~~] [Register of Apprenticeship Training Providers: how to apply - GOV.UK](#)
- UKPRN (<https://www.ukrlp.co.uk/>)

6. Financial health

Financial health is reviewed as part of the due diligence process. To ensure a rigorous process is in place for all partners an assessment is completed using the ESFA’s approach to assessing the financial health of organisations. [ESFA's approach to assessing the financial health of organisations - GOV.UK \(www.gov.uk\)](#)

This is based on the following three financial elements:

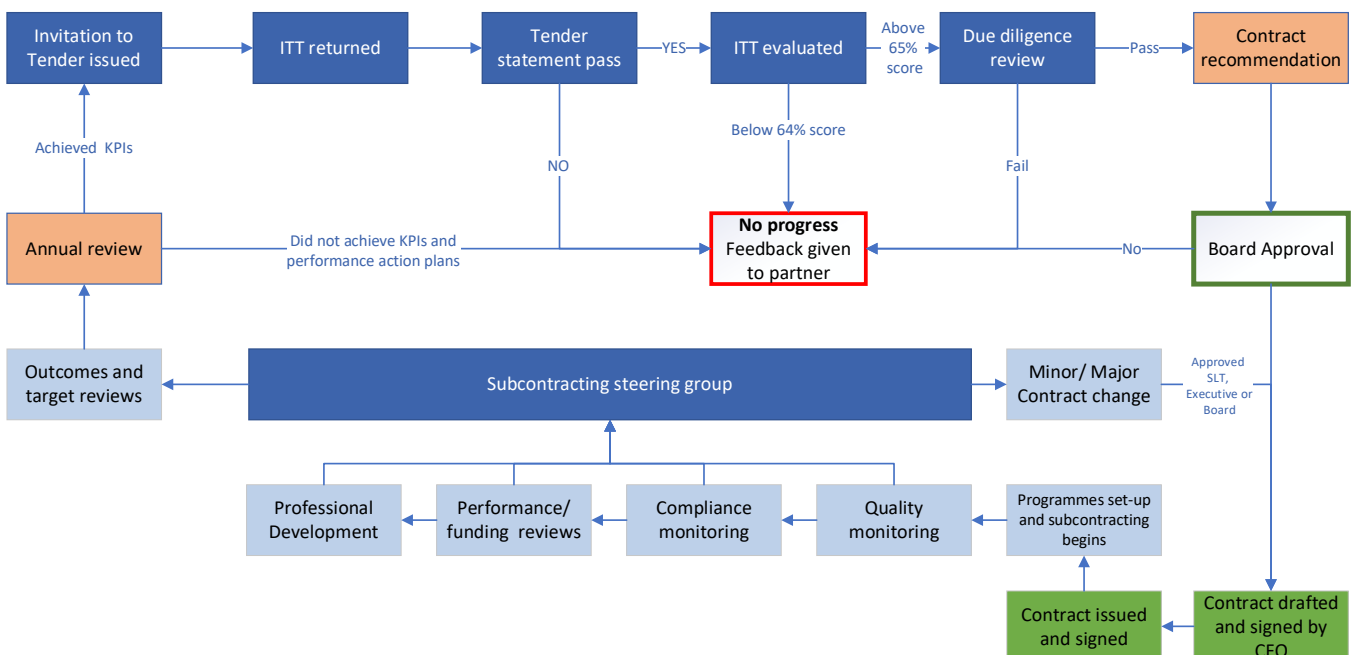

- Profitability (sustainability)
- Solvency (current ratio)
- Gearing (debt ratio)

7. Contracting

All partners are required to review and approve the LSEC Subcontracting contract in advance of any delivery.

Contract management processes are aligned with, among others, wider organisational governance processes, operational boards, and risk structures.

Selecting, contracting and any changes to a partner's contract follows the below process, which is carried out annually.

These processes are supported by the following sections of the subcontracting contract;

- 12- Co-operative and reputation
- 15- Intervention
- 16- Termination
- 17- consequences of termination

7.1. Changes

All contract variations during the lifespan of the contract will only be authorised by the Deputy CEO and CFO, following discussion and approval from the Subcontracting Steering Group. Copies of signed contract variation agreements will be kept on file.

Changes to contracts in-year will be reported to the College Board as part of the subcontractor updates.

- Minor variations may include, delivery profiles, minor changes to the curriculum offer
- Major changes may include, maximum contract values, payment profiles, management fees and substantial changes to the curriculum offer.

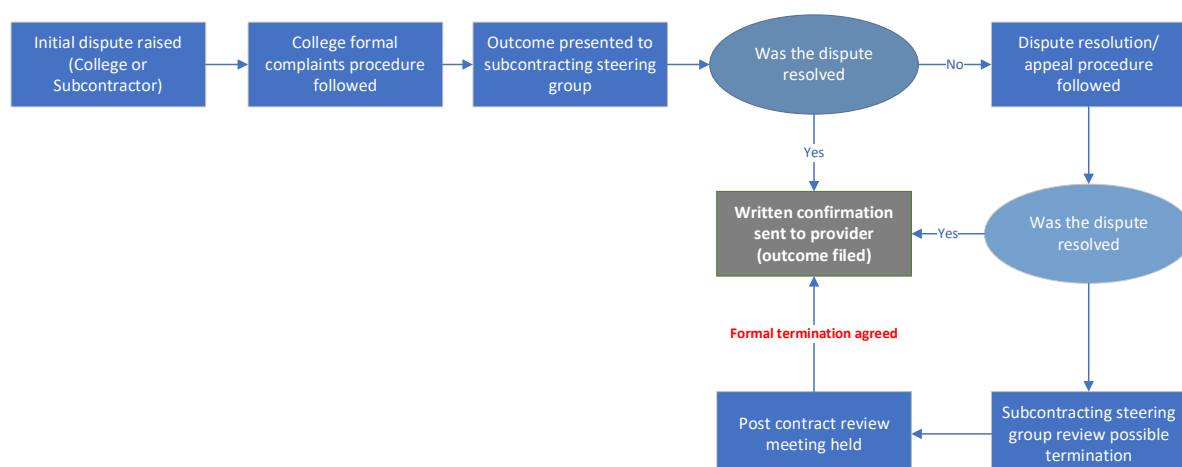

As detailed in the contract process, changes, both minor and major, are managed through the same process ensuing clearly laid out governance of contractual change is in place. Any changes of variations are identified via academic and funding performance meetings, with recommendations table at the subcontracting steering group. Decisions associated to minor contract variations, with a focus on cost/ effort being proportionate to the importance and value of the change are presented to SLT, with major changes also being presented to the college executive team and college board.

7.2 Disputes and problem resolution

Provision for resolving disputes is contained in section 28 of the contract. This sets out how disputes will be resolved, the escalation procedures and any recourse to arbitration.

7.3 Terminations

Provision for termination of a contract is contained in section 16 of the contract. The process for resolving disputes / terminating contracts is shown below:

7.4 Continuity of contract and delivery

The college will undertake all reasonable steps to ensure the viability and continuation of any contractual arrangements with sub-contractors' provision. Due diligence undertaken is robust enough to ensure the risk of failure of a sub-contractor's ability to deliver under its original contract terms is low and mitigated as far as possible through regular quality and compliance visits, learner satisfaction reviews, annual financial assessment, the subcontractor risk register and strong account management relationships.

In the unlikely event of a subcontractor failing to deliver the college will either pick up delivery through its own means or facilitate transfer to another provider, which is detailed in full via the subcontractor contingency plan.

7.5 Whole life oversight

The definition of whole life / whole programme oversight is deemed to include all aspects of a learner's programme as detailed in their learning agreement, including condition of funding requirements for English and Maths, work experience and other mandatory elements.

Contract terms will include (where appropriate) provisions for the management and oversight of 16 to 19 distance and whole programme provision through the life of each learner's programme of study.

Subcontractors delivering apprenticeship provision are not permitted to deliver the entire programme and an agreement as to the elements that make up the subcontract will be agreed in advance and outlined in the contract schedule

8. Fees and charges

The typical rate retained for adults is 20% and 15% for young people provision.

The amount of funding retained is based upon the risk assessment of the delivery partner and type of provision. It also takes account of the level of support the College will need to provide to the delivery partner to improve the quality of teaching and learning, and the general learner experience.

20% of funding is also held back pending meeting achievement targets and other KPIs set within the contract and on meeting contractual obligations such as attending QPR and CPD events, participating in observations and other quality assurance processes.

The management and quality costs of these rates are calculated as follows;

- Managing the Subcontractor
 - Contract Management (20%)
 - Process admin (35%)
- Quality monitoring activities
 - Quality monitoring (25%)
 - Compliance (20%)

These rates ensure the effective quality management of the provision, administrative processing and training are all in place to enable high quality learning.

The rates are continually reviewed during monthly funding and performance meetings, as well as termly subcontractor steering groups meetings.

The funding claimed by the subcontractor is then seen as reasonable and proportionate through the evidence of effective delivery collected via the quality control processes detailed within this document.

9. Payment terms

Payments to the delivery partners made under their agreements will be paid monthly in arrears.

The payment will be calculated by the 10th working day of the month following the ILR submission and a funding report and statement showing the amount due will be sent to the delivery partner.

Delivery partners are paid by invoice, the contractor will ask them to raise an invoice for the amount stated on the funding report and statement. Correctly submitted invoices will be paid electronically on the next College pay run, within 30 days of receipt.

Milestone	Percentage of Fees payable	Evidence required
Enrolment and on programme	16-18 Equal monthly payments of the maximum contract value over 12 months Adults and Apprenticeships 80% of funding draw down (monthly)	Enrolment form with supporting evidence
Achievement	16-18 Final profile payment (12 th payment) Adult and Apprenticeship 20% programme funding value	Lever Achievement form with Certificates and last day of learning

10. Batch header process (Appendix 6)

To ensure compliance with the processing requirements, partners are required to upload enrolments, transfers, withdrawals and achievements via an LSEC Subcontracting SharePoint page following the batch header process.

The college SharePoint is fully compliant with all GDPR regulations. It is password protected, and only authorised individuals can access the relevant information. i.e. partners are only able to access the information they upload to their protected area.

16-18 enrolments partners completed their enrolments via the normal college processes, with learners being invited to a pre-planned session.

11. Payment controls

Partner payments are only made for learners that are successfully processed through an ILR return.

On receipt of the occupancy report MIS produced a funding report for each partner confirming the funding draw down. The contracts and compliance team review the report and update the data into a monthly funding statement, which is reviewed against contract value.

The agreed partner payments are uploaded to the college finance system for approval. Payments are approved in line with authorisation limits detailed in the financial regulations.

Performance against contract values is also independently reviewed during monthly funding forecast meetings chaired by the College Principal and chief learning officer.

12. Contract Equality, Diversity and Inclusion expectation

It is expected that Sub-contracted provision sets appropriate standards for equality and diversity in line with the College policies.

To ensure this is complied with, the following must be implemented and will be reviewed as part of the due diligence and compliance visits:

- Subcontractors will be asked to supply a copy of their Equality & Diversity Policy
- Subcontractors will be sent the College E&D & Safeguarding and Prevent Policies and will be asked for written confirmation that they will accept the terms contained in these
- The contract will contain explicit reference to E&D policies, Safeguarding and Disclosure and Baring Service checks
- All on-site assessments (Quality Assurance, Audit and Contractual) will record E&D compliance as part of the assessment process
- All Subcontractor staff to undergo WRAP/ Prevent training and for this topic to be covered in the learner review process

- Subcontractors will be asked to supply all learners with the 'Learner Handbook' containing
- key contacts if the learner has any safeguarding or Prevent issues
- Subcontractors delivering Distance Learning provision will be asked to provide additional guides to learners relating to internet safety

13. Management and oversight of provision

The management and oversight across the life of a student's study programme or ASF programme is managed with strong communication strategies, reporting tools and quality processes. These include;

- Performance review meetings
- Quality and compliance visits
- Learner satisfaction and existence
- Subcontracting steering group meetings

13.1. Performance review meetings (Appendix 7)

Six performance review meetings have been scheduled throughout the year, which follow a set agenda that all partners must report into. The meetings will take place during the following weeks;

No.	W/C Date	No.	W/C Date
1	22/09/2025	4	23/03/2026
2	24/11/2025	5	25/05/2026
3	26/01/2026	6	06/07/2026

13.2. Quality and Compliance visits (Appendix 8, 9, and 10)

To support the performance review meetings, ensure high quality training is taking place in line with the submitted plans and that learners are on programme, a schedule of quality and compliance visits are planned.

Quality visits will take place in the first term with further visits planned based on risk associated with the initial visit. If the partner is identified as green, with no actions, progress will be reviewed during the performance review meetings.

Quality visits consist of observations (including dual observations), reviews of learner work, course files, internal verification records and progress against their QIP (Appendix 8).

If issues are identified, further visits will be planned into the second and third term.

Compliance visits consist of checks on learner existence, learner files, review of documentation and the statements within due diligence are up to date (appendix 9). An audit of the partners single central record is also completed (appendix 10). Partners will receive a minimum of two a compliance visit a year, with more planned if any quality of compliance issues are identified.

13.3. Learner existence surveys (Appendix 11)

Three times a year a sample of learners will be contacted by telephone to review satisfaction and ensure training is taking place by the relevant subcontract with staff that are declared via due diligence.

The format will revolve around open ended questions covering who the training provider is, progression and quality of training (appendix 11).

The sample size will be a minimum of 10% of the total number of learners. This can be increased if a perceived risk is identified. Those contacted will be exempt from the next two samples but can be contacted separately if issues arise from the telephone review.

13.4. Subcontracting steering group (Appendix 12 and 13)

To ensure all the arrangements outlined in the subcontracting controls policy are being implemented a subcontracting Steering group, which will be chaired by the College Principal and Chief Learning Officer, will meet at the end of each term (terms of reference appendix 12).

The group will be authorised on behalf of the College Executive to implement in year decisions to ensure the subcontracting arrangements meet the strategic focuses of the college, quality of delivery is high, students are making progress and new and additional contracting is approved.

It will ensure all eligibility requirements are met, including 16-18 Study programme learners adhere to the Condition of Funding and evidence of EEP, Work Experience and enrichment activities.

This group will also have oversight of the subcontracting risk registerer (Appendix 13), ensuring all subcontracting specific risk have clear owners and are followed up. This register and associated reports are presented into SLT and board to highlight performance and any contract management issues, changes or interventions/ training being put in place.

In addition to in year performance reviews, this group will review all partner annual performance, using the college's established Self-Assessment process, capturing key data and lessons from the contract management process, including the experience both within the organisation and more widely, evaluating the lessons learnt for the year.

14.Subcontractor training

A full programme of training will be planned and delivered to the subcontractors.

Attendance to these activities will be reported through the performance review process and monitored at the subcontracting steering group meetings.

This will include standalone sessions for each partner, joint subcontractor conference events and invitations to college wide sessions.

Development will include, but not limited to;

- Quality assurance (measurement of good practice and risk) and Quality improvement (Plans to work on development areas)
- Operational improvement
- Joint project work on system improvements
- Government initiative e.g. sustainability and disability employment issues
- Joint management activities, via a subcontractor conference

15.ESFA whole programme subcontracting requests

In line with the updated ESFA funding guidance, whole programme 16-18 subcontracting request forms have been completed and submitted to the ESFA. These detailing the proposed contract size, the viability of the provision, the colleges involvement in delivery, management rates, rational for how the provision is supporting the local area and the full quality process that are in place.

Both study programme partners have been approved for delivery. With Bromley Football club under review to ensure the provision continues to meet local need.

16.External Audit (Appendix 14)

Set out in the ESFA funding agreements and funding rules is the requirement for providers to obtain an annual report from an external auditor that provides assurance on the arrangements to manage and control the delivery subcontractors. A certificate must be sent each year, to confirm that this process has been completed by an external auditor.

This process was widened for the 2024-25 academic year to include a new subcontracting standard [ESFA subcontracting standard - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/esfa-subcontracting-standard)

This process is completed by the college's internal auditors Scrutton Bland for which the college received an approved assurance certificate and a clean audit.

Appendix 2- Calendar of activity

Action	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	June	July
Performance review	1 of 6		2 of 6		3 of 6		4 of 6		5 of 6		6 of 6
Quality visit	All visits carried out between Sept and Nov (one per partner)										
Compliance visit				1 of 2				2 of 2			
Phone reviews		1 of 3				2 of 3				3 of 3	
Whole study programme DfE submission						Carried out between Feb and March					
Procurement process							Carried out between March and April				
Subcontracting audit and update plan											
Submit plan for board approval											
Provision SAR									Carried out between May and June		
Due Diligence									Carried out between May and June		
Contracting											

Appendix 3- Invitation to tender instruction

INVITATION TO TENDER INSTRUCTIONS

1. DOCUMENTS TO BE RETURN

The documents to be returned are as follows:

- a) Tender statements
- b) Volumes and values spreadsheet

Tenders are to be prepared and submitted at the cost of the bidder. London South East Colleges (LSEC) will not be liable for any costs incurred by the bidder in the preparation and submission of the Tender.

2. INDICATIVE TIMETABLE

This section provides an overview and indicative timeline for the procurement exercise from the point of issue of this ITT.

Please note that Table 1 sets out indicative dates only. LSEC reserves the right to vary the timetable for this procurement as and when required by notice to suppliers through the official email account.

Table 1

Event	Date
Tender documents issued	Xx
Deadline for receipt of Clarification questions	Xx
ITT Return deadline	Xx
ITT evaluations	Xx
Notification	Xx
Implementation commencement	xx

3. SUBMISSION OF DOCUMENTS

Documents as stated in section 2 above should be submitted via the official email account Partnerships : partnerships@lsec.ac.uk . Documents must not be submitted later than:

Date: xx

Time: xx

Any tender uploaded after this date and time WILL NOT BE CONSIDERED.

Suppliers are responsible for allowing sufficient time to send their Tender Submission. LSEC accepts no liability whatsoever for submissions that are not processed due to internet connectivity issues, transmission delays or errors.

4. EVALUATION PROCESS

In evaluating Suppliers' Tenders, LSEC will only consider information provided in response to the ITT. Suppliers should not assume that LSEC has prior knowledge of their provision of Services. Proposals will be scored on the basis contained in the Criteria listed in Table 2.

LSEC intends to award contract(s) in accordance with the assessment criteria and weightings set out therein. The evaluation methodology is designed to provide a structured and auditable approach to evaluating the Tenders submitted by the Suppliers.

Following an initial assessment to ensure;

- a) the proposal has been submitted on time;
- b) the proposal has been submitted with all the documentation requested in order to enable LSEC to evaluate in accordance with the evaluation methodology.

A detailed evaluation exercise of quality and capacity to deliver will be conducted by LSEC. Tenders that do not satisfy the initial assessment in accordance with section 4 may be rejected at this Stage.

LSEC may also issue clarification questions to clarify a Supplier's Tender or hold further meetings to clarify a Supplier's Tender following submission of the Tender. LSEC reserves the right in exceptional circumstances to vary these criteria or any sub-criteria by written notice to all Bidders in advance of any Tender closure date.

Table 2- Award Criteria

Evaluation Criteria		Weighting
Confirmation statements Pass/ Fail	Confirmation statement 1- Eligibility	N/A
	Confirmation statement 2- Policies	N/A
	Confirmation statement 3- Conflict of interest	N/A
	Confirmation statement 4- Due Diligence	N/A
Intent Statements	Intent question 1 – Training approach	25%
Implementation Statements	Implementation question 1 – Quality assurance arrangements	25%
	The Procurement Act 2023 mandates the inclusion of social value considerations in the tender evaluation process. It is essential to assess the relative importance of social value as part of the evaluation criteria.	10%
	Implementation question 2 –Recruitment	25%
Impact Statements	LSEC Strategic approach	25%

The Tender statements will be evaluated using the following methodology:

- a) Suppliers must respond to each of the questions
- b) The Evaluation Panel members will score each question using the methodology set out in Table 3 below.

c) All the members of the panel will score each question individually and independently.

All the evaluation panel members' scores will be averaged to arrive at the score for the particular question. This Score will be rounded to two decimal places.

A score of at least **64%** is required to be accepted onto the proffered suppliers list. A score of 1 or below on any question will disqualify the tender.

A strict word limit has been applied to each question. Submissions must be kept to the maximum word limits as detailed at the end of each section. Any information that exceeds the word limits stated will be excluded from evaluation.

Unless requested, attachments should not be included and they will not be read or considered as part of the evaluation.

Table 3

Assessment	Score	Description
No submission	0 points	Failed to submit an adequate answer or address the question.
Very Poor	1 point	Major Concerns. Insufficient information to demonstrate the Potential Providers ability, understanding, experience or staff to perform, with little or no evidence to support the response.
Poor	2 points	Part or limited response provided with shortcomings in evidence /information provided.
Satisfactory	3 points	Satisfactory detail and evidence. Sufficient demonstration of the Potential Providers ability, understanding, and experience to perform
Good	4 points	Good response. Satisfies the requirements with additional benefits. Above average demonstration of the Potential Providers ability, understanding, and experience to perform
Excellent	5 points	Full response exceeding requirement, demonstrating well evidenced and relevant examples, where required. Exceptional demonstration of the Potential Providers ability, understanding, and experience to perform

Quality criteria weighting for a question will be calculated in accordance with the following formula:

Evaluators' Final score / Maximum available score or points (see table 3) X Weighting (see table 2)

Example question scoring

Bidder	Evaluator 1 Score	Evaluator 2 Score	Evaluator 3 Score	Final average score
A	4	2	3	3
B	5	5	5	5
C	4	3	5	4

Example weighting

Bidder name	Score (out of 5)	Criteria weighting	Formula for score	Final (weighted) score
Bidder A	3	30%	$(3/5) \times 30$ (criteria weighting)	18%
Bidder B	5	30%	$(5/5) \times 30$ (criteria weighting)	30%
Bidder C	4	30%	$(4/5) \times 30$ (criteria weighting)	24%

Where weighting have multiple decimals, the final weighted score will be rounded to two decimals.

5. BIDDERS ENQUIRIES AND CLARIFICATIONS

During the ITT Period, suppliers may submit questions and requests for clarification or further information as per Table 1.

Suppliers should address their questions and requests for clarification or further information in writing via the official email provided.

6. POST-TENDER CLARIFICATIONS

Whilst it is intended that the contract will be awarded on the basis of the Tender submitted, we may need to hold discussions for the purposes of clarification of any areas of doubt. Although not a standard requirement, LSEC reserves the right to carry out interviews where it is deemed necessary.

7. ACCEPTANCE OF TENDER

Bidders are advised that in the event of their tender being successful, the actual contract between LSEC and the Contractor will only come into existence following notification to the successful Bidder, in writing, via the LSEC Partnership Department. No other method of acceptance or any action by the contractor shall be binding or have any contractual effect.

The award of the contract will come in two parts.

Part one, confirmation of being selected as a preferred supplier for LSEC for the delivery of the ASF training This is not an agreement of funding, just an approval onto LSEC preferred suppliers list.

Part two, confirmation of the value of the contract awarded, which will be set by reviewing all successful tenders against the strategic priorities of LSEC and the quality of the tender submission.

In addition, once successfully being selected a full due diligence will need to be completed to ensure full compliance with the LSEC subcontracting arrangements.

Only learners that live within the M25 with a London postcode and meet the relevant funding guidance associated with their program of learning will be eligible under the award of this tender.

8. NO TENDER NEED BE ACCEPTED

LSEC reserves the right to discontinue this procurement at any time or not to select a supplier.

9. LSEC COMPLAINTS HANDLING

Full details of the LSEC Complaints procedure can be obtained on request from:-
Complaints@lsec.ac.uk

10.FREEDOM OF INFORMATION

LSEC is committed to meeting its legal responsibilities under the FOIA. Accordingly, any information created by or submitted to LSEC (including, but not limited to, the information contained in this ITT, documents issued, clarification questions and responses) may be disclosed by LSEC in response to a request for information under the FOIA.

In submitting documents to LSEC, each Bidder therefore acknowledges and accepts that the information contained therein may be disclosed under the FOIA, either without consulting the Bidder or following consultation with the Bidder and having considered its views.

Appendix 4- Tender Statements

TENDER STATEMENTS

Organisation Name	
UKPRN	

The following sections enable you to confirm key statements and provide evidence of experience against the Education element of the new Education Inspection Framework (EIF), while also confirming how the provision you are proposing meets the key objectives of the subcontracting approach for London South East Colleges.

CONFIRMATION STATEMENTS

Confirmation statement 1 – Eligibility Pass/ Fail

We understand that the award of this contract is only applicable to learners with a London address. Any learners submitted without a London address will not be funded.

Yes/ No

Confirmation statement 2 – Policies Pass/ Fail

We confirm that we will comply with the following LSEC policies

- **GDPR**
- **Safeguarding**
- **Health and Safety**
- **Freedom of information**

Yes/ No

Confirmation statement 3 – Conflict of interest Pass/ Fail

In order to ensure a fair and transparent procurement process LSEC wishes to understand if any conflict of interest is known to exist or potentially exist between your organisation and any part of the group.

If you have answered yes, please provide details and explain how you intend to manage, or where possible avoid, any such conflicts.

Yes/ No

Confirmation statement 4 – Due Diligence Pass/ Fail

If successful, please confirm that you meet all the requirements in the attached due diligence checklist.

Evidence will not be required at the initial tendering stage but must be fully completed if successfully identified to be formally included on LSEC preferred suppliers list and to be awarded a contract.

Yes/ No

Training approach

Intent question 1 – Training approach

Please provide details of your training approach to the delivery that you have detailed in your volumes and values spreadsheet.

Word Limit: 200 Words

Recruitment

Intent question 2- Recruitment- Weighting 10%

Outline your approach to ethical recruitment of learners to meet your volumes and values spreadsheet.

Please provide details of the following points as a minimum

- Steps you will take to ensure you are able to recruit to your profile
- Information, advice and guidance approach
- Application and enrolment processes

Note: Only learners that live within the M25 with a London postcode and meet the relevant funding guidance associated with their program of learning will be eligible under the award of this tender.

Word Limit: 200 words

Quality

Implementation question 3 – Quality assurance arrangements

Provide details on how you are going to ensure that the quality of provision is high and that you will achieve at or above national rate success on all programmes

Word Limit: 200 Words

Strategic link

Impact question 4- LSEEG Strategic approach

The strategic focus for LSEC to subcontract ASF funding includes;

- **Delivering training to learners that would not access education in a traditional college environment**
- **Deliver training to learners in specialist subjects areas**
- **Provide training to learners in a flexible model that is not viable within a college environment**

Please detail how the delivery you are proposing will meet these objectives.

Word Limit: 200 words

Appendix 6- Batch header process

Document transfer guidelines

Batch header process

1. Introduction

A large volume of documents are transferred between London South East College and, its partners and internally between college departments. To ensure that documents are transferred safely and processed in a timely fashion a clear procedure needs to be in place.

These guidelines identify how documents will be processed through a document transfer system.

All partners will use the batch header spread sheet to submit a number of key documents, receiving in return a unique batch code that identifies the documents that have been submitted, validation that the documents meet the processing requirements and confirmation that they have been processed.

2. Process

The key documents that will be processed through the document transfer system are identified in table 1 below.

Table 1

Documents	Key
Enrolments	E
Withdrawals	W
Achievements	A
Transfers	T

On receipt of the batch header (and subsequently the documents to support it) a unique batch code will be e-mailed to the lead contact. A folder will then be set-up on the College SharePoint system via the dedicated partner's page.

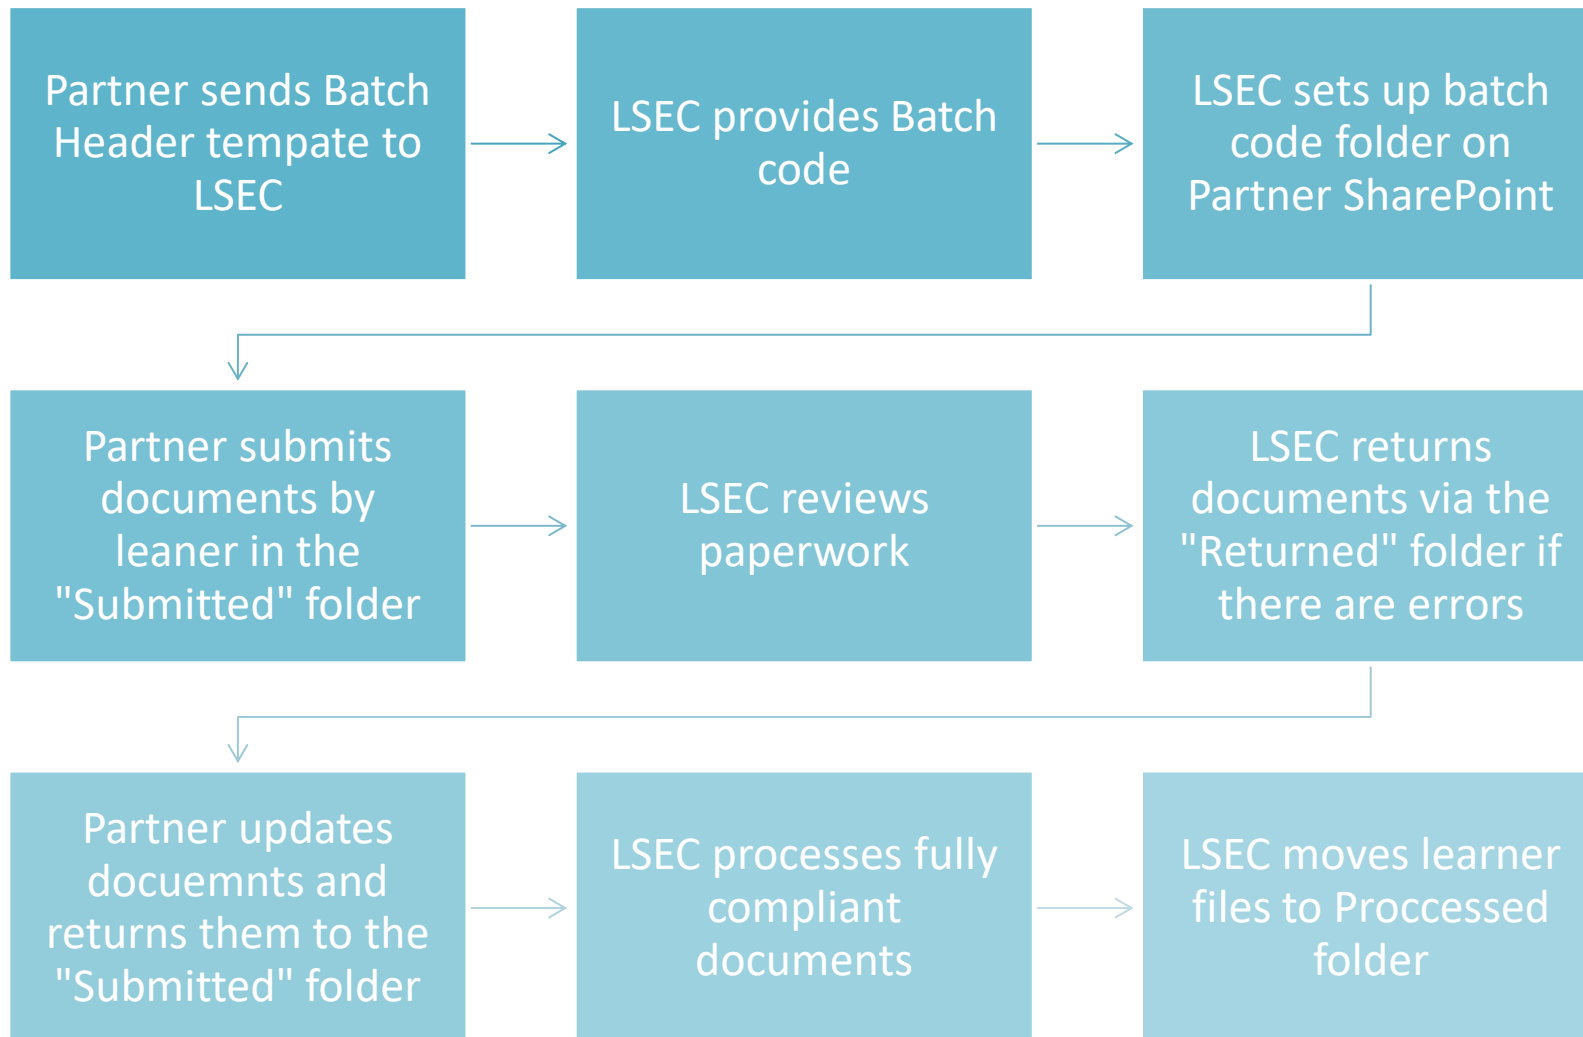

Partners will upload the required documents by learners in the "submitted" folder within the partner SharePoint page under the relevant batch code.

The documents will be reviewed for errors and a further confirmation e-mail will be sent confirming they are being processed or returned for errors.

If errors are found the documents will be returned by placing them in the "Returned" folder. The documentation will have a front sheet identifying what needs to be added or amended. The partner will re-submit the document using the same Batch code, adding them into the "Submitted" folder again.

Once all the documents are accurate the college MIS team will upload them to the ILR. Once complete the learner files will be move to the "Processed" folder and a final confirmation message will be sent.

3. Process Flow chart

4. 2024-25 Processing dates

RO Return date	Paperwork submission to LSEC	ILR Return	Reports and payment to partners	Invoice return to college	Payment to Partner

4.	Due diligence review	
5.	Single central record	
6.	Compliance with Prevent duty (table 1)	
7.	AOB	

Overall Summary

Table 1- Prevent duty compliance

Element	✓	Comment/ Evidence
Are there clear and visible policies and procedures for managing whistleblowing and complaints		
Are there policies in place for students using IT equipment to research terrorism and counter terrorism in the course of their studies		
Are there policies and procedures for events held by staff, students or visitors, and relationships with external bodies and community groups who may use premises, and/or work in partnership with the institution		
Has appropriate training and development for governors, board members, leaders and staff been undertaken		
Are staff exemplify British values in their management, teaching and through general behaviours in institutions		
Is there evidence of the curriculum and pastoral care promoting British values to learners		
Are there robust procedures both internally and externally for sharing information about vulnerable individuals		
Is there a clear Prevent referral process with a single point of contact which is known to all staff and students. This will usually be the same as the existing safeguarding process

Appendix 11- Example learner existence call questions

Learner existence call log

Partner name		Number of live enrolments	
Date of calls		10% sample required	

ID	Learner name	Are you currently taking part in a training programme? If so, what?	What is the name of your training provider	What is the name of your tutor	Do you know who is funding the training	Do you know what you need to do to achieve your qualification	Do you believe the training is good quality?

Appendix 12- Subcontracting Steering Group Terms of reference

Subcontracting Steering group

MEMBERSHIP AND TERMS OF REFERENCE

The subcontracting Steering group is a subcommittee of the Senior Leadership Team and is responsible for ensuring all the subcontracting management plan and its controls are being adhered to.

The subcontracting Steering group is also responsible for the review and approval of all additional training services contracts.

The group is authorised on behalf of the College Executive to implement in year decisions to ensure the subcontracting arrangements meet the strategic focuses of the college, quality of delivery is high, students are making progress and new and additional contracting is approved.

As such it is also responsible for decisions associated to any minor or major contract variations, with a focus on cost/ effort being proportionate to the importance and value of the change. These changes will then be presented to SLT, the Executive Team and/ or the college board depending on the level of significance to the change.

MEMBERSHIP

The membership shall consist of:

- College Principal and Chief Learning Officer (Chair)
- Deputy Principal Apprenticeships, Adults and Higher Education (Vice Chair)
- Assistant Principal Apprenticeships and Employer Engagement
- Director of MIS
- Deputy Principal Quality
- Director of Finance
- Partnerships Co-ordinator

The quorum for meetings shall be 4, including the Chair or vice Chair.

TERMS OF REFERENCE

The Subcontracting Steering group shall consider all matters in respect to the subcontracting arrangements for ESFA 16-18, ASF and apprenticeship funding. It will also consider all arrangements concerning GLA ASF funding.

There will be an emphasis on:

- Procuring and setting 16-18, ASF and Apprenticeship contacts

- Monitoring due diligence arrangements
- Monitoring quality and compliance schedules
- Quality and compliance risk reporting
- Monitoring contract compliance
- Minor and major contract changes
- Monitoring eligibility reequipments
- Reviewing and approving all training service contracts
- To make recommendations for consideration of SLT, the Executive Team or College Board.

MEETINGS

The College Principal and Chief Learning Officer shall chair the meetings. In their absence it will be chaired by the vice chair Deputy Principal Apprenticeships, Adults and Higher Education.

Meetings shall be held at the end of each term;

- December
- April
- July

Special meetings may be arranged by the forum to meet business needs.

The agenda and minutes will be circulated at least 3 days before the meeting.

Late agenda item and papers may only be submitted on the authority of the chair.

A record of actions shall be taken, issued to members and go to the next meeting for review and to the Senior Leadership Team.

The Subcontracting Steering Group shall be serviced and minuted (for action points). A schedule will also be prepared and presented to each meeting monitoring the progress of agreed actions.

ACCESS TO MEETINGS

The meetings are not open. Key staff may be invited to the meeting by the chair as required.

REVIEW

These TORs shall be reviewed annually by the Executive Board.

Start date: August 2025

Review date: August 2026
